3. Transfer printed using 4 color process inks minimum order is 500 pieces.

Art Prep charges: All custom jobs have a minimum preparation and setup fee of \$50. Extremely complex artwork or multiple revisions may incur higher charges.

Ink color change: \$25 per color change, per order. For example, if you have a single-color transfer and you wish to silkscreen 50 pieces in black and 50 pieces in white, you would need to pay one \$25 color change fee.

Payment: Payment is required to start any custom work. Once payment is received, our art department can send you a proof via fax or email at no additional cost.

Turnaround: **10-14 working days is typical.** This figure may vary depending upon press schedules and art time, if required. Jobs are taken on a first come, first served basis, and we do not offer an expedited price list. We can't be responsible for time lost due to missing information or being unable to contact the customer. **Be sure to plan ahead to account for press time and shipping!**

Submitting digital files: You can in some cases expedite your order and reduce costs by supplying us with digital files.

1. We can accept files on floppy disks, USB "thumb drives", or CD/DVD-ROM. We also accept digital files via email, however it is strongly recommended

that you contact us via email before sending your files so that we can review your submissions and avoid long downloads of files we can't use.

2. Preferred file formats are Adobe Photoshop or Adobe Illustrator. Simple GIF or JPEG files are perfectly fine for our use as copy templates, however they cannot be used to create color separations and art fees will apply (\$25/hour).
3. **File formats we can't use under any circumstances:** word processing documents such as MS Word, presentation documents such as Powerpoint, or any page-layout documents such as QuarkXpress, InDesign, or Pagemaker.
4. **If you have questions about preparing your artwork, contact us via email at teewearunlimited@gmail.com**

... And For Those of You Who Can't Draw!

Our graphic artists can take the ideas you have floating around in your head and turn them into reality. Simply send us a detailed outline of what you're wanting and let our team of designers go to work. Instead of paying \$100/hour rates charged by top graphic artists, we charge a flat rate fee per design. This is a one-time fee per design and YOU own the rights to your artwork. Upon completion, we'll send you the file and you're free to do whatever you want with it. We can make transfers from your design and then print the t-shirts and send them to you.

Here is the price breakdown for having your own designs created from scratch:

1 Design = \$199 2 Design = \$375 3 Designs = \$519 4 Designs = \$699

**Turnaround times on custom artwork design vary based on the complexity of the design.*

... And For Those of You Who Need a Website!
